

Dan's Custom Drywall, Inc.

December 19, 2007

To whom it may concern:

Dan's Custom Drywall, Inc. is in our second year as a subcontractor for Rambo Builders.

During this period we have had the experience of working with one of the most reputable general contractors we have ever dealt with. Bob, Mark, the superintendents and his office staff are easy to speak with and follow through when concerns arise.

We have seen a remarkable interest by Rambo Builders to interact with us and the other subcontractors to look for options to reduce costs to the customer and to get the projects done as quickly as possible.

If I were looking for a general contractor to perform a build-out, I would look no further than Rambo Builders.

We look forward to many more years as a subcontractor for Rambo Builders.

Sincerely,

David Obal
Owner
