

Nevada Store Fixtures

Store Planning, Design, Cabinets & Displays

December 18, 2007

To Whom It May Concern:

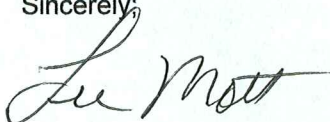

We have been working with Bob Reyes of Rambo Builders for the past two years and consider him and his associates to be among the most professional contractors we have ever dealt with. Nevada Store Fixtures provides Rambo Builders with commercial millwork, slotwall, acrylic products, solid surface and granite tops, shelving, and many other needs for tenant and store improvements.

First and foremost Rambo regards their customers as long term relationships and offers them the utmost consideration, respect, and representation throughout the construction process.

Secondly, Rambo regards their suppliers and vendors also as long term relations and they go out of their way to ensure that all understandings are thorough and complete to minimize any problems during a project. Bob is honest and fair in his dealings with us and it is greatly appreciated. On the few occasions when there have been misunderstandings Rambo has worked through them with us to make necessary corrections without placing undue hardship or blame.

We would highly recommend Rambo Builders to any owners, developers, or sub-contractors who are looking for an honest and fair contractor to form that relationship with.

Sincerely,

N. Lee Mott – President
